Purnachandar Padishala

IT Analyst / Salesforce Developer

📍 Hyderabad / Warangal, Telangana, India ✉ Purna.padishala@gmail.com 🔗 linkedin.com/in/purnappc 🌐 purnappc8.github.io/resume-portal

PROFESSIONAL SUMMARY

IT Analyst and Salesforce Developer with 5+ years of experience at TCS and Evoke Technologies. Currently working on Salesforce Revenue Cloud Advanced (RCA) for Abcam — configuring pricing procedures, Decision Tables, and building a custom Apex Contract Approval Platform. 5× Salesforce Certified. Trailhead Double Star Ranger. Agentblazer Champion. Open to Remote, Freelance & Contract opportunities.

PROFESSIONAL EXPERIENCE

IT Analyst / Salesforce Developer Jun 2026 – Present

Tata Consultancy Services (TCS) · Hyderabad

- Leading Salesforce Revenue Cloud Advanced (RCA) implementation for Abcam — configuring pricing procedures, attribute-based pricing, and Decision Tables
- Built custom Contract Approval Platform (CAP) using Apex approval engine, reducing approval cycle time by 40%
- Resolved production governor-limit failures using chained Batch Apex and async processing patterns
- Rebuilt LWC pricing wizard fixing critical SOQL/DML governor-limit crashes under high-volume load

Salesforce Technical Associate | Team Lead Apr 2022 – Jun 2026

Evoke Technologies · Hyderabad

- Led 5-member Salesforce team supporting 130+ users across 5 client regions with 99.9% uptime SLA
- Designed CI/CD pipelines from scratch in Azure DevOps using Salesforce DX and scratch org strategy
- Migrated Oracle CPQ → Salesforce CPQ for Carmeuse, achieving 25% operational efficiency gain
- Integrated Salesforce with Oracle CPQ for Hyster-Yale using REST APIs and custom middleware
- Implemented Data Cloud (CDP) unification, connecting Sales Cloud, CPQ, and external data sources

TECHNICAL SKILLS

Salesforce | Revenue Cloud Advanced (RCA) | Apex | Lightning Web Components (LWC) | SOQL / SOSL | Salesforce CPQ | Sales Cloud | Data Cloud | Flow Builder | Azure DevOps | Salesforce DX | REST / SOAP APIs | Batch Apex | Triggers | CI/CD | JavaScript | HTML / CSS | Git
